res

Describe in detail why the agency needs to carry forward a balance greater than one-sixth (16.5% = 60 days) of the funds identified as total expenditures for the prior fiscal year

All the expenditures are on a reimbursement basis. JROTC Salaries, Payments On Behalf of Students, Services for other State Agencies. We need to keep a large balance to cover expenditures. We took in \$320,000 in this fund. Therefore our expenditures exceeded our revenue.

We have discontinued our relationship with Medicaid. We were having to pay a person to file the claims for us. The cost to file was costing us more than half of what we were receiving. This cash balance should be diminished over the next two years.

This fund will be depleted this year.

This fund will be depleted this year.

The fund balance will be returned to Department of Education. We carry a balance forward to ensure that we have enough funds to make the first quarter salary payments until we receive our new year allocation.

These funds are allocated from Department of Education. Also The fund includes an allocation of \$30,000 for K-12 Technology Initiatives. We have been unable to access those funds due to the lack of budget in this fund.
